

Norwood Football Club has a long rich history which spans from its origins in 1878 to the present day. A founding club of the SANFL, Norwood are currently looking to appoint the key role of Senior Coach

SENIOR COACH

The senior coach will accept full responsibility for the Club's on-field success. It is expected that this will encompass the entire coaching department driving the pathway from junior teams through to the ultimate goal of senior team success.

To achieve this, the senior coach must be able to demonstrate the following:

- Prior senior or assistant coaching experience at AFL or State League Level
- Outstanding communication skills
- Strong management and leadership skills
- The ability to maximise individual performance
- Instil team spirit and unity
- A track record of success
- Capacity for sound decision making under pressure

The club also expects the senior coach to take a pro-active approach in the promotion of its brand. As such, those with a willingness to embrace a member and media friendly approach will be well received.

This is without doubt one of the most critical appointments within the Football Club. The challenge is to develop an exciting group of young players and compliment this group by the ability to attract a core group of experienced long term recruits to play entertaining and winning football.
